Ms. Carol is returning to HNS for this special two week Art Camp!

Spring begins a new cycle of rebirth, growth, and new inspiration leading to a kick start in creativity which can be expressed in our Art Smart Workshop during Spring Intersession 2019. Themes will include:

- Recognizing repeat patterns in nature, and using the inspiration to create paintings, weavings, sculptures and/or "Art Happenings".
- Scientific illustration (Journal making, recording of plant and animal characteristics, drawing in journals)
- Drawing, painting or sculpting people, portraits.
- Paper sculpting to create 3D structures and/or traditional origami
- Abstract Patterns in Visual Communication: Working with patterns to create art and learn simple color theory. We will work on assigning feelings to colors to create a color language and we will explore what different cultures express through color symbols.
- Food Illustration and Creation: With the theme of food we create drawings, paintings, and clay sculpture based on food representation. We supplement with creating easy recipes to eat, such as open-faced sandwiches or blueberry cobbler.

**Session 2: \$300**
